

MOTIONCONN™

a dependable range of electric motors that is designed with top quality and high reliability in mind, ensuring smooth runs with low vibration, low noise, and proper torque.

Choose from standard or custom electric motors.

Consistent, smooth runs with minimal breakdowns.

Our **MOTIONCONN™** products are designed to meet stringent requirements and effectively reduce downtime.

More reasons to choose us:

- **ISO/UL certified**
- **RoHS compliance**
- **Just-in-time delivery**
- **Low minimum order quantity**
- **Global reach**

mapconn connects clients to the total solutions they need. Our expertise includes initial product conceptualization to product development, product testing and final production – offering solutions to meet specific application requirements, thus allowing clients to better manage their logistics, reduce wastage and promote cost savings.
